ACM Research to Participate in the 10th Annual CEO Investor Summit 2018

June 18, 2018

FREMONT, Calif., June 18, 2018 (GLOBE NEWSWIRE) -- ACM Research, Inc. (NASDAQ:ACMR), today announced that the management team will participate in the 10th Annual CEO Investor Summit, taking place Wednesday, July 11, 2018 in San Francisco, California.

The CEO Summit is an accredited investor and publishing research analyst event held concurrently with SEMICON West and Intersolar 2018 in San Francisco. The event is hosted by executive management from participating companies and will feature a "round-robin" format consisting of small group meetings, each 30 minutes in duration. During the event, investors and analysts will have the opportunity to meet with up to 10 of the 21 management teams during the 30-minute group meeting sessions, as well as opportunities to meet with additional management teams during the breakfast, a lunch networking session, and the concluding reception.

The CEO Investor Summit is by invitation only and is open to accredited investors and publishing research analysts. As space is limited, please RSVP early. Hosts reserve the right to limit attendance as necessary. Last day for registration is July 6, 2018.

While held concurrently with SEMICON West and Intersolar 2018, the event is not affiliated with the show.

Forward-Looking Statements

Information presented in the second paragraph of this press release with respect to the estimated shipment and acceptance dates for ACM's tools and in the third paragraph with respect to ACM's ability to gain market share contain forward-looking statements for purposes of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Actual results may vary significantly from ACM's expectations based on a number of risks and uncertainties, including but not limited to the following: anticipated customer orders or identified market opportunities may not grow or develop as anticipated; customer orders already received may be postponed or canceled; suppliers may not be able to meet ACM's demands on a timely basis; volatile global economic, market, industry and other conditions could result in sharply lower demand for products containing semiconductors and for the company's products and in disruption of capital and credit markets; ACM's failure to successfully manage its operations; and trade regulations, currency fluctuations, political instability and war may materially adversely affect ACM due to its substantial non-U.S. customer and supplier base and its substantial non-U.S. manufacturing operations. ACM cannot guarantee any future results, levels of activity, performance or achievements. ACM expressly disclaims any obligation to update forward-looking statements after the date of this press release.
