Explanation of Responses:

1. This Form 4 amendment has been filed solely to correct the indirect beneficial ownership of the reporting person. The amount of securities reported herein as beneficially owned reflects a reduction of 84,386 shares of Class A common stock, which are held directly by the reporting person and which were inadvertently included in indirect beneficial ownership. This same amount was included in indirect beneficial ownership on a Form 4 filed on July 31, 2018. In that Form 4, the amount of securities included in indirect beneficial ownership should have been reduced by 84,386 shares.
